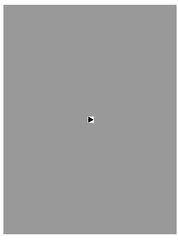
今天给大家分享一组迷幻风格的提示词：

使用的工具为MidJourney：https://www.midjourney.com/

一、售货机

/imagine prompt: vaporwave machine gloves in the twilight, standing in an open field with distant mountains, evoking nostalgia and solitude, the scene is captured from a low angle, emphasizing its isolation against the backdrop of nature's beauty.

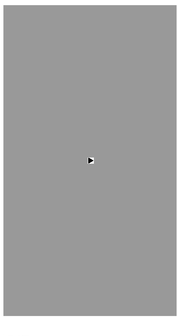


二、弹琴

/imagine prompt: a man with black hair, wearing dark glasses and holding an electric guitar stands in front of a red wall, creating a blurry effect, the image is in the style of experimental video art, with a hallucinogenic aesthetic featuring dark amber and gray tones, the photo was taken with a sony alpha camera, using a grainy film filter and blurred motion effects.

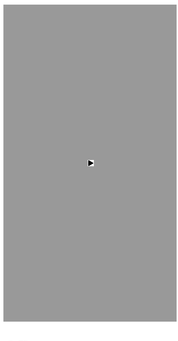
三、女人

/imagine prompt: a photo of an attractive woman in her mid-20s with short, curly brown hair, wearing pajamas and sitting at the bottom of a large fish tank, blowing pufferfish underwater, the scene is shot from below, looking up at the subject, the photo was taken in the style of richard avedon, using kodak portra 400 film stock, ---ar 75:128



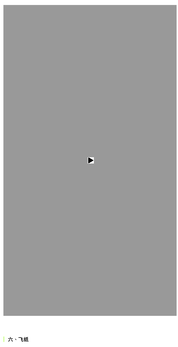
四、火花

/imagine prompt: a flower on fire, close-up, blurry background, dark background, photorealistic, high resolution, hyper detailed photography, in the style of octane render, in the style of unreal engine,



五、军队

/imagine prompt: hyper realistic and cinematic extreme long shot of soldiers storming the beach in battle during world war ii, wearing backpacks on their backs as they run towards the camera, with motion blur and waves splashing around them, in the background, there are palm trees, and the sun is shining overhead, this appears to be a still from a 35mm film



六、飞机

/imagine prompt: a wide shot of flying music sheets, with the background featuring greenery and mountains in heavy motion blur, and a backdrop of buildings, the scene is bathed in warm sunlight, creating an atmosphere reminiscent of a summer day in a school garden, captured through a grainy film camera effect, in the foreground, trees lush foliage adding depth to the composition, this scene embodies nostalgia for childhood adventures, filled with creativity and joy

这种视频单纯用提示词做不太现实（至少目前国内不行）？ 此情景输入的指令，参考图片或者其它参数不行？ 0 回 · 昨天
